
Checking for Updates on Mac

1. Make sure you are at the **apple desktop** and then Click on the **Apple logo** on the top right of the screen and select **App Store**.

2. Click **Updates** at the top right of the **App Store**.

3. If there are any Updates available then click **update all**, if you're not sure about the update then let us know.

UPDATE ALL ▾

Microsoft Remote Desktop
Microsoft Corporation
Version 8.0.42
Released Aug 22, 2017

We fixed an issue with remote resources where pop-up dialogs were hidden behind other windows, instead of appearing in front.
